Message

The Hon'ble Governor of West Bengal extends his heartfelt appreciation and best wishes to Mr. Prasanjit Das for his extraordinary initiative of world travel on a bicycle to promote sustainability, social welfare, and healthy living.

Embarking on such an inspiring journey on January 4, 2025, and covering 20 districts of Bengal so far, with an ambitious goal of reaching 195 countries, is a remarkable feat. The mission to spread awareness about fitness, environmental conservation, and social responsibility through the slogan "Pedal for Green, Plant for Peace, Donate Blood & Ride for Health" is commendable and reflects a strong commitment to the betterment of society.

The Hon'ble Governor acknowledges the courage, determination, and dedication required for such an endeavour. This journey serves as an inspiration to countless individuals, emphasizing the values of perseverance, goodwill, and global unity.

On behalf of the people and the government of West Bengal, the Hon'ble Governor conveys his best wishes for a successful and impactful journey. May this mission bring awareness, create positive change, and make both West Bengal and India proud on the global stage.

With warm regards,

Shrikumar Bandopadhyay

To
Shri Prasanjit Das
